

"Behold, now is the
acceptable time; behold,
now is the day of salvation."
II Cor. 6:2

**LeTourneau
College**

**Faith brings
us together.
Ingenuity sets
us apart.**

Marian H. Stewart

John N. Thomas, Sr. to Chair Trustees Division

John N. Thomas, Sr. of Lancaster, Pa. will chair the Trustees Division of a three-year capital campaign for LeTourneau College, according to Dr. Alvin O. Austin, college president.

Thomas is founder and chairman of the board of Willow Valley Associates, Inc.

Base goal for the Capture The Vision campaign is \$5.7 million, with a challenge goal of \$7.7 million. The trustee portion of the goal is \$900,000.

"John Thomas is well-respected by his peers and is a man of vision with a strong faith in God," said Austin. "We are pleased that he has agreed to assume a leadership role in the campaign, and know that his considerable business acumen and personal influence will be tremendous assets for LeTourneau College."

In addition, S. E. Belcher, Jr. of Brent, Ala. has been named honorary chairman of the Trustees Division, and Don Wolgemuth of Mount Joy, Pa. has been named chairman of the

Capture The Vision Campaign Now Underway

John N. Thomas, Sr. to Chair Trustees Division

John N. Thomas, Sr.

Jerry Fritsch

Jerry Fritsch to Chair Alumni Division

Jerry Fritsch (MT '74) of Casper, Wyo. is serving as chairman of the Alumni Division in the Capture The Vision capital campaign currently underway at LeTourneau College.

The alumni goal for the three-year campaign is \$500,000, with more than half of this amount already pledged.

A chairman and vice chairman are being selected for each graduating class, and to date 26 such individuals have been identified.

Fritsch, a division drilling superintendent for Conoco Oil Co., has long been involved with the progress being made on the campus, and he represents an ever-increasing level of interest on the part of alumni in campus development. This expanding participation has created a spirit of anticipation for a greater alumni impact on the future of LeTourneau College.

Previously, he was instrumental in providing the challenge grant for both the Auto Society building and the new laundry facilities. In

\$600,000 Bequeathed to College

LeTourneau College has received a gift of at least \$600,000 from the estate of Marian Henshaw Stewart, a longtime College supporter who died Oct. 11, 1987 in Alexandria, Va.

It is the second largest gift in the last decade for the College, and was exceeded only by an \$838,365 grant from the J.E. and L.E. Mabee Foundation of Tulsa, Okla. in 1982.

According to Dr. Alvin O. Austin, college president, the bequest, which arrived in September, will be applied toward the Capture The Vision campaign.

"We are obviously very excited

and grateful to receive a gift of this magnitude," said Austin.

"Our future looks very bright, and this is an indication of things to come."

Stewart had a long and distinguished career in civil service, working for the U.S. government from 1917 to 1955. During World War II, she received the Civilian Meritorious Award.

Her chief hobby was traveling and during her lifetime she visited numerous points of interest on all the continents. She was a lifetime resident of Alexandria, and was 89 years old at the time of her death.

Alumnus Fulfills Dream With Auto Museum

LeTourneau alumnus Gordon A. Fenner (MeS '58) recently fulfilled a longtime dream when he opened an antique auto museum Sept. 9 in White Oak, Texas.

The museum houses some 25 vehicles ranging in age from a 1916 Ford Model T to a 1978 Cadillac Eldorado Biarritz, and is located at 1316 Texas 42, adjacent to GAF Transport Co., which Fenner founded in 1983.

Also included in his collection are a 1941, 1949 and 1964 Cadillac Fleetwood Sixty Special; 1922, 1925, 1930 and 1946 Ford; 1941 Lincoln Mark I; 1935 Oldsmobile; 1932 Chevrolet; 1924 Franklin;

Fenner — (Continued From Page 1)

1960 Metropolitan; 1960 Cadillac; 1955 Plymouth Plaza; 1951 Ford pickup; 1949 Hudson and Studebaker; 1955 Oldsmobile Holiday; 1951 Chrysler; and 1971 Ford LTD.
He considers the 1941 Cadillac Fleetwood Sixty Special the cream of the crop.
"It's my favorite," he said, "because I looked about 20 years to find one. It's one of 3,800."
Besides cars, the museum features service station memorabilia and original drawings of cars by J. Herbert Newport, Jr., who designed Dusenbergs and other cars for manufacturers.
The museum is open to the public from 8 a.m. to 5 p.m. Monday through Friday and noon to 4:30 p.m. Saturday and Sunday.
Admission is \$1, with children six and under admitted free.
Fenner's fascination with cars began 35 years ago as a schoolboy in Ithaca, N.Y.
"I've been collecting cars ever since I was in high school," he said. "When I graduated in 1953, I had as many as six antiques in the garage — among them, a 1926 Essex, a 1924 Buick Sedan, a 1925 Model T, and a 1921 Oldsmobile touring car — in addition to the 1949 Ford I had to run around in."
Fenner's first antique was a 1926 Buick Roadster he picked up in Ithaca for \$40. "Some people like baseball cards and others prefer antique lamps," he said. "I chose cars because maybe that was the shining thing I had always noticed as I was growing up."

Automotive lab assistant Joel Copper, right, demonstrates a hydraulic log splitter that he designed and built as student Troy Kostzewa assists. The machine is powered by a modified Volkswagen engine and has won several awards.

He worked for Trailmobile from 1961-65 and then for Charles E. Danbury from 1965-1981 before founding GAF Transport as a "drive-away carrier" to transport truck trailers from manufacturers' plants to sales lots. He started with six trucks and grossed about \$200,000 the first year.
Today, GAF has 10 office employees and 75 lease operators/drivers, with branch operations and customers in 48 states. Gross sales topped \$3 million in fiscal 1987 and should reach the \$4 million mark for 1988, Fenner said.
Fenner is active in the Longview Lions Club and Contemporary Historical Vehicle Association, its past president of the East Texas Vintage Auto Club, and was instrumental in organizing the Philadelphia, Pa. chapter of the LeTourneau College Alumni Association.
He and his wife, Sandy, are Presbyterians and have a daughter, Paula.
According to Fenner, the purpose of his museum is to show the progression of our transportation system.
"I think the public should be aware of the difference in transportation through the years," he said. "All cars are certainly improving in creature comforts, but the older cars are different — they have individuality," he added.
The same could be said of Gordon Fenner, an entrepreneur in the mold of college founder R. G. LeTourneau.

Weller Selected As First Trustee Emeritus of College

Clair Weller has been named LeTourneau College's first Trustee Emeritus, according to Dr. Alvin O. Austin, college president. The appointment was made by resolution of the Board of Trustees April 29, 1988 in recognition of distinguished and faithful service to LeTourneau College.

Weller has served as a trustee of the College for 16 years (1964-74 and 1981-87), and since 1960 has been chairman of the board of Diesel Power Supply Co. in Waco, Texas.
From 1940-60 he worked as cost accounting supervisor, division controller and director of purchasing for R. G. LeTourneau, Inc.

Dec. 21, 1964 he established the Weller Memorial Scholarship & Loan Fund in memory of his parents, Mr. and Mrs. R. W. Weller. Since its inception, approximately 100 students have received financial assistance from it. In May, 1987 he received the Distinguished Service Award from the Association of Governing Boards.

Weller and his wife, Frances, have been married for 48 years and have three children and nine grandchildren.
All three children attended LeTourneau College and a daughter, Anita Vance, graduated from LeTourneau in 1972.

Thomas — (Continued From Page 1)

Former Trustees Division. Belcher is a businessman and land developer and Wolgemuth is president of Orchard View Farms, Inc.

"We have the right people in place to make the campaign work," said Austin, "and we are grateful to Elliott Belcher and Don Wolgemuth for their interest in Christian education and their commitment to LeTourneau College."
According to Austin, 50 percent of the \$900,000 trustee goal has already been met.

"Several rather large gifts of a sacrificial nature have already been pledged by our trustees," said Austin, "and we are confident that others will follow."
The campaign officially began July 1, and will continue through June 30, 1990.

Other major divisions of the campaign will begin early next year.

Clair Weller

Weller has served as vice president of the National Association of Accountants, been a member of the Purchasing Agent's Association, and the Waco Chamber of Commerce.
In his tenure on the board of trustees, he has served one term as chairman and two terms as treasurer and has been a member of the Finance Committee, the Nominating Committee, and several search committees.
"Clair's brand of practical wisdom developed through years of personal and professional experience is invaluable to an institution such as LeTourneau, and this honor is certainly a deserving one," Austin concluded.

Scarlett Morris Named Coordinator of Music

Scarlett Morris has been named Coordinator of Music Programs at LeTourneau College, according to Dave Erickson, dean of student affairs.

She has a bachelor of arts degree from the University of the Ozarks (1977) and has extensive experience in choir directing.
Morris is an active member of First Presbyterian Church in Longview and Theatre Project Longview, and is working toward a master's degree in music education.

Fritsch — (Continued From Page 1)

In addition, he helped significantly with Harry Hardwick Hall and the renovation of the engineering facilities last year.
"Serving as chairman of the Alumni Division gives me a great deal of satisfaction," said Fritsch. "With the leadership support of other alumni it will be possible to reach our \$500,000 goal! Indeed, it is an honor to serve in this campaign and to lead other alumni in making this venture a successful one. In capturing the vision we are creating a concentrated support base for the college for years to come."

President's Message

Is A LeTourneau Education Worth the Price?

Recently a parent of a prospective student asked me the question, "Is a LeTourneau College education worth the price?"

This was a legitimate and well-intentioned inquiry. As families face one of the most costly expenditures of their lifetime, second only to the purchase of their home, it is only natural that they should be concerned about receiving a sound value for their investment. So it gave me great satisfaction to respond,

"Yes, a LeTourneau College education is worth the price. You can bet your life (or that of your son or daughter) on it."

As a private Christian college, we are constantly confronted with the dilemma of having our costs compared with the costs of attending the local tax-supported community college or state university. While we encourage the student to consider the *net* cost, because a good financial aid and scholarship package will often reduce the cost difference, we do know that for most families, there will be some additional financial burden incurred in attending a Christian college like LeTourneau.

We work hard at being good stewards of our resources and therefore have maintained a relatively low tuition structure. A recent cost comparison with the 77 member colleges of the Christian College Coalition (and Christian colleges tend to be among the least expensive of the private colleges) found that we were ranked 41st in terms of tuition cost. This is true in spite of the fact that our engineering and technology programs are among the most expensive to offer of all academic curricula.

What makes LeTourneau College worth the price? Faith! Quality! Performance!

FAITH. What is the greatest need in the world today? We need people whose abilities go beyond technical competence, people with integrity, people committed to a Christian world view, people who are willing to sacrifice material gain in order to serve God and fellow man.

These additional qualities are not easily fostered at an institution that is committed to being "values neutral." Only a college that is committed to the Lordship of Jesus Christ can impact the life of the student in these areas. One might ask, "What are the qualities of a Christian college?" The measure of a Christian college is in its *people, programs, relationships and commitments*.

The first criteria that must be met by anyone we hire at LeTourneau College is one of faith. We want to make certain that they know and to exemplify Jesus Christ as Lord and Savior. All of our programs seek to integrate our faith with the subject matter or with the activity.

Charles Fox, production superintendent for Conoco Oil Co., presents a \$2,000 check for LeTourneau College to President Alvin O. Austin.

NOT A BAD DEAL

What does one receive in return for tuition and fees at LeTourneau College?

- 3 well-prepared, balanced, all-you-can-eat meals a day
- Semi-private room with all utilities paid, including telephone
- Immediate access to more than 250,000 different books, periodicals, computer programs and other learning resources

- The opportunity to use several million dollars of equipment including computers, robots, lasers, aircraft, and a vast array of other test and lab equipment

- A variety of free or low-cost cultural, social, spiritual and athletic events
- Recreational opportunities for team and individual recreation
- The support of many employees

who maintain the buildings and grounds, provide clerical and other benefits including assistance with financial needs and banking services, career selection and job placement

- A security program that offers services on top of the normal police service available to the general public
- Health services to assist in the diagnosis and treatment of illness and psychological counseling to assist in the handling of personal concerns
- The personal attention of committed faculty who have spent much of their lives acquiring a wide range of knowledge and whose primary job is to pass on what they know to their students

- A wealth of spiritual support from noted chapel speakers, campus ministers, and missionaries-in-residence
- Free advice from the president, deans, and other professionals who seek to blend quality academic programs and a commitment to moral and spiritual values, into an environment that fosters development of the total person

ALL OF THIS FOR ABOUT \$41 PER DAY!

This is not a dilution of the subject matter. In fact, if we accept the premise that all truth is God's truth, then we are free to seek truth in the broadest possible manner.

The Christian world view is not an artificial overlay to knowledge, it is an integral part of it. As one of our students recently said,

"*Christianity is not a way of doing certain things, it is a certain way of doing everything.*"

Relationships take on a different meaning at a Christian college. Faculty and staff are committed to more than just the transmittal of information; they serve as role models of Christian values and lifestyles. Student interaction and activities take on deeper meaning. Spiritual confrontation with one's peers challenges one to a fuller faith.

Commitment to one's faith is enhanced in an environment where one has the opportunity to serve. There are ministry opportunities in the community among the poor, the homeless or the elderly. Mission experiences over the spring break or during the summer, give one the chance to "put feet to their faith." The college years should not be a time to lock one's faith in a closet; it should be a time to practice commitment.

Yes in the area of *faith* development,

LeTourneau College is worth the price!

QUALITY. LeTourneau College attracts a quality student, provides quality instruction and turns out a quality product. The average LeTourneau student enters with a

significantly higher than average admissions test score. We are among the 10 percent of all colleges that are listed in *Peterson's Guide to Competitive Colleges*. However, we are not elitist in accepting only top students. Students with average scores and grades who are willing to evidence new motivation and to work harder are often given the chance to

prove themselves at LeTourneau.

PERFORMANCE. Because of this we find that our students move quickly and skillfully from the classroom to meaningful jobs in the real world. Our engineering graduates have among the highest pass rates on the professional engineering exams, our accounting graduates do well on the CPA exams, our pre-med students have a high acceptance rate for med school, and our liberal arts students do well in graduate school. We teach performance!

LeTourneau College is a unique institution. One that is committed to *faith, quality* and *performance*. No doubt about it. LeTourneau College is worth the price!

Kiker to Address December Graduates

John W. Kiker of Houston will address 45 winter graduates Dec. 10 at 10 a.m. in the Assembly Building.

Kiker is recognized as an expert in aerospace engineering, and pioneered the 727/Orbiter Concept (better known as the Piggy Back) during the development of the space shuttle program, saving the U.S. government more than \$30 million.

He retired from NASA Johnson Space Center after 31 years of federal service, and currently operates the John W. Kiker Engineering and Consulting Co. as an independent professional consulting engineer. Kiker holds a B.S. degree in mechanical engineering from North Carolina State University, and has received numerous awards including the NASA Exceptional Service Medal, three NASA Certificates of Recognition and Commendation, Leo Stevens Medal, and the Presidential Management Improvement Award. He is a Fellow of the American Institute of Aeronautics and Astronautics, a member of Phi Kappa Phi, and the author of numerous technical reports, articles and papers.

John W. Kiker

National Soccer Tournament Set Nov. 23-26

LeTourneau Included In Peterson's Guide

LeTourneau College has been included in Consider A Christian College, a new 125-page college guide from Peterson's, the Princeton-based publisher of college and career references. This valuable new guide will be an especially rich resource for the increasing number of students who are considering a Christ-centered liberal arts education. Consider A Christian College profiles member institutions of the Christian College Coalition, an association of accredited four-year liberal arts colleges and universities that are committed to Christ as the center of campus life. Each institution's profile includes information about denominational affiliation, majors offered, costs and aid, location, student life, application procedures, enrollment patterns, athletics and more. The guide also includes a helpful introduction which explains how Christian colleges like LeTourneau College help students mature both intellectually and spiritually by providing a solid academic program, an emphasis on integrating faith with the academic disciplines, and a caring and committed faculty. Consider A Christian College is available at bookstores nationwide. Copies are available at the Christian College Coalition office at list price of \$12.95, postage and handling included.

Cheerleaders

1988-89 cheerleaders at LeTourneau College are Tammy Allen, Palmer, Alaska; Sharon Siske, Iredell, Texas; Kay Mulholland, Hinkley, Minn.; Kristin Oosterhout, Longview, Lori Criswell, Louisburg, Kan.; Jenni Leatherman, Doylestown, Pa.; and Beth DeYoung, Redlands, Calif.

Amy Berry

The soccer team's record this year was 5-13, with the toughest schedule in the school's history (several NCAA Division I schools and 12 NAIA schools). "Our difficult schedule should help us to be prepared for the NCAA national soccer tournament," said Coach Dave Diehl. The tournament, slated for Nov. 23-26, will be played on the LeTourneau campus for the fifth consecutive year, and Diehl said he expects another hard-fought championship. "Our team will need to rely on hard work to offset any skill advantages of our opponents," Diehl said. With the right attitude and teamwork, Diehl said he is

"cautiously optimistic" of the Yellowjackets finishing as high or higher than last year's fourth-place finish. Overall talent on this year's squad is better than last year, Diehl added. Serving as co-captains are senior sweeper Dana Barkdoll and senior midfielder James Straubel. Their experience is a plus for the Yellowjackets. According to Diehl, clutch performances are needed from sophomores Scott Wier, David Karumuna, Bruce Williams, Isaac Lwanga, Greg Bakke, David Petke and Brent Dickerson, and freshmen Kevin Buchanek, Frank Ongewe, David Knoop and Jeff Secor in order to be successful in the national tournament.

The 1988 Women's Volleyball Team included, back row l. to r., Head Coach Bob Marsh, Dawn Sigatoos, Ginger Greer, Anne Masters, Sarah Johnson, Star Pitts, Karin Carr, Peggy Lantz, and Assistant Coach Dave Hudspeth; front row from left, Deborah Roberts, Michelle Vann, Anne Mays, Lei Ferris, Terri Beaver, Cheri Hudspeth, and Jani Goff. Not pictured is Leah Archer.

Freshman Runner Has Chance For All-American Honors

LeTourneau Cross Country Coach Ken Roden has a pleasant surprise this fall in the form of freshman Amy Berry of Seabrook, Texas. What's different is not the fact that a woman is competing with the men for a spot on the varsity team, but the fact that she can outrun some of them. "We've never had a woman runner who could keep up with the men," said Roden, "but Amy not only does that, she outruns some of them."

Berry competed in the triathlon in high school and is currently rated in the top one or two in the state in her age category. She has ran several triathlons this fall, and finished either first or second in them. "Amy probably has the best shot of anyone on the team of making (NCCAA) All American this year," Roden said. She will accompany teammates Doug Jett and Dennis Vazquez to the national championships at Cedarville, Ohio Nov. 12. "She has a legitimate chance to finish in the top ten," said Roden.

"If it was a longer race (than 5K), she would probably finish even higher since she is able to keep the same pace at great distances," Berry has been consistently running 3.1 mile races in under 20 minutes this year, and Roden is obviously impressed. "She's easily the best female runner we've ever had at LeTourneau," he said. When not in class or on the track, Amy can be found in the library studying since she is an electrical engineering major. The regular season ended for the cross country team Nov. 5 at the district meet in Irving, Texas, where LeTourneau had a strong showing. "We made a lot of improvement from the beginning of the year," said Roden, "and we had a good time along the way." Other team members included Randy Montague, Tom Pickett, Allen Carmack, Mike Young, Tim Potter, Jeff Porter, and Norm Mattson.

1988 LeTourneau College Soccer Team — Front row, l. to r., are David Trombly and Steve Roth; kneeling, from left, are John Lewis, Kevin Buchanek, Sam Wood, Dana Barkdoll, James Straubel, Jeff Secor, Brent Dickerson, Andy Curtis, Tom Geurink, Dave DeBoer, Jose Carcamo, and Bruce Williams; standing, l. to r., are Coach Dave Diehl, David Karumuna, Scott Wier, Lee Bausinger, David Petke, Brian Johnson, Isaac Lwanga, Don Knoop, David Knoop, Greg Bakke, Frank Ongewe, John Clow and Eric Bos.

Volleyballers Place Two on All-District 6 Team

The best in East Texas! A big claim for a small college, but the 1988 LeTourneau College Lady Jackets backed it up this fall with impressive victories over NAIA foes Wiley College, East Texas Baptist University, and Jarvis Christian College, to name a few. The Lady Jackets also captured the Mid-South Christian Conference for the fourth year in a row, and added to their 28 game conference winning streak. The team fought hard and finished the season with an impressive record of 14 wins and 10 losses, which culminated in a bid to participate in the NCCAA

District 6 tournament held at Hillsboro, Kan. Leading the team this year were seniors Ginger Greer, Sarah Johnson and Cheri Hudspeth. Johnson led the nation (NCCAA) in kills and hitting percentage prior to a season-ending injury to her knee, while Hudspeth, Greer and freshman Lei Ferris also were nationally-ranked in serving percentage, setting percentage, and serving aces, respectively. Hudspeth was named to the District 6 All-Tournament team and the NCCAA All-District 6 team. Joining her on the All-District team was Johnson.

The 1988-89 Men's Basketball Team includes, kneeling l. to r., co-captains Mid Johnson, Brian Voss and Jim Lundquist; standing, Coach Terry Zeitlow, Shane Patterson, Steve South, Stephen Roth, Jim Caffey, Paul McHague, Blaine Siske, Scotty Palmer, and Dan Patterson. Not pictured is Tommy Briggs.

Rebounding, Defense, Turnovers Are Keys to Successful Season

The 1988-89 Yellowjacket basketball team has many challenges ahead of them, according to Coach Terry Zeitlow: "We are young, inexperienced and short," said Zeitlow, "but I still think we can be competitive and win some games." According to Zeitlow, keys to this year's success are rebounding,

ability to play pressure defense, and avoiding turnovers. The Yellowjackets are preseason picks to finish fourth in the conference. "I think we're going to surprise some people," said Zeitlow. Tri-captains this year are Brian Voss, Mid Johnson, and Jim Lundquist.

Alumni News

CLASS OF 1965

Dewayne (MI/AT) and Carolyn King report this year has flown by. Carolyn continues work on her BA in Christian Education. This spring their school, ABC, graduated seven and this fall's enrollment seems to be good.

CLASS OF 1966

Robert (AT) and Mae Minter are serving in Ireland for two years. They will be preparing mission property for camps, retreats and training grounds for outreach workers.

Larry (AT) and Norma Dickson left Sept. 17 for approximately three months in Togo, Africa. Larry is filling in for the mission's mechanic, who is on furlough.

Tom (MI) and Carolyn Pace have been serving in Peru for 21 years. They plan to take a two-and-a-half month furlough to Albuquerque, N.M. Their work with the television ministry in Peru is really growing.

CLASS OF 1967

Richard Carlisle (MI) passed away April 21, 1988.

CLASS OF 1968

Larry (ET) and Virginia McGuire have seen the Lord work many miracles this past summer. They are with Trans World Radio in Swaziland, Africa. The Lord continues to bless their efforts there.

Loren (GE) Lemman has been running for political office in Alaska. He is a candidate for State House and the Alaska State Legislature.

CLASS OF 1972

Glen (BI/MI) and Carol Coleman are currently in North Carolina. Carol has recovered well from chemotherapy treatments and they request our prayers for this matter. They plan to return to Niamey, Niger by the end of the year. Glen plans to work with SIMAIR, the air service of Sudan Interior Mission.

Stephen (BU) LaFleur is now on staff at the Joy Home for Boys in Greenwood, La. His wife, Linda, continues to teach in Kilgore, Texas and makes the one-hour drive to work each day.

CLASS OF 1973

Nard (AT) Puyao continues to teach flight in California. His wife, Sandy, has had some health problems and is on medication. Please pray for them.

CLASS OF 1974

The completion of a 100,000 watt transmitter is the goal of Dan (EE) and Barbara Anderson. Testing of the transmitter is scheduled to begin by the end of the year. The new transmitter will be used in Quito.

CLASS OF 1979

July 21, 1988 was the birth day for Shiloh Anne Lund, daughter of Steve (WT) and Vanessa (BU 81) Brandimore Lund.

Stacy (MA/CS) and Parti Wilbur announce the birth of son Daniel on August 1, 1988. He weighed seven pounds and 14 ounces.

Rebecca Lynne Gaasrud was born August 24, 1988. Proud parents are Bradley (ET/AT) and Debi Gaasrud. She was 19 and a half inches long and weighed six pounds, eight ounces.

August 26, 1988 was the date of birth for Joel Douglas Kline. Joel tipped the scales at nine pounds, eight ounces and was 21 and a half inches long. His parents are Douglas (MT) and Linda Kline.

CLASS OF 1980

The International Computer Services Dept. at JAARS in North Carolina welcomed Doyle (EE) and Carol Peterson in September. Doyle will be directing the selection of computers and training of computer specialists for the foreign field.

Anita Marie Zerbe made her entrance into the world Sept. 3, 1988. She is the daughter of David (MI) and Dorothy Zerbe.

Mark (MI/AT) and Cheryl (MA) Sjobom are currently training with Wycliffe Bible Translators and JAARS. Continue to pray for them as they prepare for the mission field.

Roger (AUT) and Lynn (RE 84) Longenecker Herman celebrated the birth of a son, Christopher William, May 12, 1988.

Wallace K. Smith (ET/AT) died July 11, 1988. He is remembered by family and friends.

Costa Rica has some new residents. On August 16, Peter (PE) and Sharon (RE) McMillan arrived there for some language training. They plan to minister in Venezuela.

CLASS OF 1982

Scott (EE) Oakes was married to Carol Donko Sept. 24, 1988 in Wayne, Pa.

Jim (BU/AT) and Nancy (DT) Walter reported from Khartoum of heavy rains this summer. Nancy is working at SIM in the accounting department. Jim has been with Air Serv. They may be transferred to Ethiopia.

Nov. 6 was the departure date for David (AT) and Margaret LeMaire. They returned to Zaire after a furlough to the U.S.

CLASS OF 1983

Mission Aviation Fellowship has accepted Keith (ET/AT) and Jan Anderson for assignment to Venezuela. They are currently living in Oklahoma with their one-year-old son, Andrew.

CLASS OF 1984

Micah Stuart was born Sept. 7, 1988 to Forrest (AT) and Tavia Hinkle.

Ralph (ET) and Lisa Buckles announce the March 18, 1988 birth of a daughter, Nicole Kirsten.

The *Morning News* of Wilmington, Del. featured a front-page article on John H. Adams (BU) in August of this year. John and 18 other Air National Guard pilots went on a humanitarian mission to the nation of Gabon, Africa. John was raised in French West Africa where his parents were missionaries.

CLASS OF 1985

Bruce (AT) and Jennifer McMillin were married Nov. 5, 1988.

David (AC) Johnson is a CPA for Word, Inc. in Dallas. He and his wife, Toni, have added Grant David to their family. Grant was born Aug. 11, 1988.

Aug. 24, 1988 marked the arrival of Krissa Joy Travis. Dick (BU) and Lori Travis are the proud parents.

Daniel James Walsh was born Aug. 28, 1988. His parents are James (AT) and Sharon (PE) Walsh.

John (WT) and Lisa Loftahl announce the birth of a son, Mark Wayne. Feb. 4, 1988 was the date of his birth.

CLASS OF 1987

Roger (MT) Richardson is excited about his job with Rockwell International. He has been there for about a year now and is working on propulsion systems for SDI.

July 2, 1988 was the wedding date of Samuel (ME) Skelink and Lisa (EE) Schmidt. They are currently residing in Jupiter, Fla.

Interested observers look on as President Alvin O. Austin signs the contract to authorize construction of a new KZX House Aug. 31. Standing l. to r. are Rick Malloy, architect; KZX Steering Committee members Paul Hara and Homer Jentes; and Mike Tucker of Transet Co.; seated is Dan Rohnbach, KZX Society president.

Work progresses on the new KZX House. Open House will be April 1, 1989.

Alumni Phonathon A Big Success

"It was a very special time for me," remarked one of the 75 students who participated in this year's Alumni Phonathon. "I was delighted to learn firsthand about alumni support for student scholarships."

In four evenings, Oct. 17-20, the students completed over 2,700 calls. Their goal was to raise \$40,000 for the Harry Hardwick Alumni Memorial Scholarship Fund.

Six hundred sixty-nine alumni made commitments totaling more than \$32,000. In addition, another 300 alumni indicated that they would give something to the scholarship fund prior to Dec. 31. Many of these gifts will qualify for company matching gift funds, and it is estimated that matching gifts and donations from undecided alumni will boost the total by \$8-10,000.

"I was very pleased with both the performance of the students and the response of the alumni," remarked Dr. Norman Shick, director of alumni relations and phonathon coordinator. "Last year our goal was \$25,000 and we raised over \$35,000. This year's goal was \$40,000, and my projection is that by year's end, most of this money will have been contributed by our alumni."

The students were divided into four six-member teams and competed for individual and team awards. Mahendran Balakrishnan won the Grand Prize for the most successful calls and the most pledges raised. Deanna Phillips won the Grand Prize for the largest single gift raised — \$1,000!

College Seeks Alumni Director

LeTourneau College seeks nominations and applications from qualified individuals for the position of Director of Alumni Relations. Applicants should have a minimum of a bachelor's degree in an appropriate field, with skills in the management of volunteers and the development of interpersonal relationships. Interested individuals should contact Dr. James E. Stenstrom, Vice President for College Advancement, by Dec. 31.

SPECIAL EDITION: THE PRESIDENT'S ANNUAL REPORT

This President's Annual Report edition focuses on some of the highlights of the past year.

There has been no more serious a concern that we have faced in the last four years than the outcome of the visit last fall by the Engineering Accreditation Commission of the Accrediting Board of Engineering and Technology. We worked hard and we prayed hard for God's will to be done and we have now achieved full status reaffirmation of the accreditation for our engineering program. We managed to balance the budget by being prudent in the use of our resources and through some collective belt-tightening. Not only did we stabilize our budget, but through the normal debt repayment schedule, we have reduced our indebtedness and at the same time through fundraising and other special programs actually increased our net worth. **We purchased more than \$200,000 in new capital equipment,** transferred ownership to ourselves of five airplanes, and have done significant renovation to the second floor of the Library, to the Engineering Center and lab areas, refurbished the Women's Residence Hall and did minor refurbishing to Tyler Hall, the Cafeteria, and the Admissions Office.

To assist in managing our endowment, trust and annuity funds, we hired two investment firms who are now providing professional management skills to this area, seeking to improve our return on investment while maintaining a safe, conservative investment posture. While we still have a modest endowment, we have seen it grow over the last two years by \$200,000, to its present total of more than \$710,000. This is an increase of

"This equipment will significantly enhance our ability to train students on state-of-the-art technology and reinforces our position as one of the premier flight training programs in the nation," said Lauren Bittkofer, chairman of the Division of Aviation. FlightSafety International operates 37 aviation, marine and power learning centers in the U.S., Canada and France, and has nine divisions. Total revenues for 1987 were \$135,934,000.

According to Dr. James Stjernstrom, vice president for college advancement, the gift was made possible by Ron Jantzen, a 1967 LeTourneau alumnus who is manager of project engineering in the Simulation Systems Division.

"We appreciate Ron's concern for his alma mater and are always grateful for concerned alumni who get involved and help make important contributions to the continuing development of LeTourneau College," he said.

nearly 40 percent. If we could see that level of growth continued over the coming years, just think of the strength it would bring to our financial situation.

To aid in the better utilization and monitoring of our resources, we have installed a new computerized purchasing system and a new encumbrance system as a part of our accounting control structure.

On the facilities front, in addition to the renovations previously noted, we have updated our Campus Master Plan, setting priorities for future landscaping and construction. We have sold a piece of property in Florida, have a contract for an option to sell the Downtowner and the adjoining KFRO property, sold a house which adjoined the campus, and have done considerable work in reappraising the value of a piece of property located north of Boston, Mass.

Over the past two years we have also given much attention to rethinking and restating our purpose and mission. We began a process this past fall of rewriting our Mission Statement. I convened a Mission Commission, represented by the various campus and constituent groups, to clarify and restate the mission and purpose of the College. Last fall's faculty workshop focused on this issue. The Board of Trustees approved this new statement last November.

Our organizational restructuring continues our attempt to broaden the base of information-gathering and participatory decision-making. We created a new committee structure that reaches into every corner of campus life and utilizes the interests and skills of our faculty, staff and students as

participants in the process of governance. We received recognition from CASE and the Christian College Coalition for several of these publications and the new video. And recognition is due Roger Kieffer for the leadership role he played in all of this.

Bruce Cook has brought a new level of professionalism to our College Relations program, as indicated by the increased attention by the local media to our institution.

We had our most successful phonathon ever, contacting hundreds of alumni. Norm Shick coordinated this and his efforts raised more than \$126,000 for the Harry Hardwick Memorial Scholarship program.

While our general fundraising did not achieve the level of several years in the past when we had major building drives underway, we did raise more than \$1.3 million, including gifts of property. This includes \$834,000 in unrestricted funds, an all-time high in that area. We began a new giving club, the President's Circle, which now has 60 members. These members gave approximately \$200,000 to LeTourneau College during the 1987-88 year. Jim Stjernstrom, Norm Shick and Wayne Archer are to be commended for their tireless efforts on behalf of the fundraising programs of the College.

We also saw the groundwork laid for the launching of the College's first ever integrated capital campaign. The "Capture The Vision" campaign was approved by the Board of Trustees and we hired a consultant firm, Cargill & Associates, to assist us in this endeavor.

Alumnus Finds Challenge As City Budget Analyst

LeTourneau College alumnus Al Milligan has his work cut out for him these days as budget analyst for the City of Longview.

Milligan, who joined the City staff in May, 1986 has responsibility for preparing the annual budget, coordinating the annual audit, research and analysis, and special projects.

Since October of this year Milligan has managed a staff of five, including three clerical assistants, one cashier and one accountant. In turn, Milligan reports to Jo Ann Metcalf, Director of Administrative Services.

The past two-and-a-half years have been busy ones for Milligan, and in many ways he has already left a mark on city government. "I created a lot of change to the organization," he began. "In the area of budget, historically the City had a line item budget and set spending limits, with cuts made across the board. That's the worst kind of cut to make," he said, "because it sees the three-

LeTourneau alumnus Al Milligan is budget analyst for the City of Longview.

person department the same as the 150-person department.

"We have improved that to include performance indicators, with the result of enhancing the amount and quality of decision-making information," he said.

"We've also included historical comparative data which is used as a planning tool," he added.

"Originally the department supervisors didn't like having to report information, but now they like having the information and

number-crunching accountant.

"It's not the numbers, not the cost savings, but how they affect people that counts," he said.

"Another thing is the wide variety of services that city government offers," he said. "My job is interesting because it covers a spectrum from library to public safety to maintenance and street repairs."

Milligan grew up in New Jersey and came to LeTourneau College as a freshman in 1971, along with a schoolmate, John Plennmons.

He later transferred to UT-Tyler and completed a B.B.A. degree in accounting in 1975. He served as a public accountant with several local independent accounting firms from 1976-83, and was vice president of finance for Kirby Restaurant Supply Co. in Longview from 1983-86. Milligan received his C.P.A. license in 1982, and has served the College as a member of the Alumni Executive Committee (1985-86) and as an adjunct instructor at various times.

Statement of Earnings and Expenditures for the Period July 1, 1987 to June 30, 1988

LETOURNEAU COLLEGE

Statement of Current Funds Revenues, Expenditures and Other Changes Year Ended June 30, 1988

	Unrestricted	Restricted	Total
Revenues:			
Tuition and fees	\$4,091,998	\$ —	\$4,091,998

William Stegall
Returning Trustee

Bill Stowers
New Trustee

Trustee Officers Chosen for '88-'89

New trustee officers selected at the November board meeting include Paul Glaske, Macon, Ga., chairman; Calvin Howe, Chattanooga, Tenn., vice chairman; Robert Thorne, Naples, Fla., secretary; and Randall Stringer, Ft. Worth, Tex., treasurer.

Friends of the College

The following individuals and organizations made contributions of \$100 or more to LeTourneau College during 1987-88. We are deeply appreciative of each and every gift, and for the many friends who make it possible to carry on the work of educating Christian young people to take their places in positions of leadership. Rest assured that your gifts are used in a manner consistent with the sacrifice that accompanies many of them. May the Lord add to you abundantly more than you can ask or imagine during the coming year.

RADI Awarded Grant-in-Aid

LeTourneau College's Research and Advanced Development Institute (RADI) has been awarded a grant-in-aid by the Welding Research Council, New York City, N.Y., according to A. D. Harms, RADI director. The grant will support research to evaluate the effective heat input produced by using gas metal arc welding on high-strength, low-alloy steels. Bill Kielhorn, associate professor of welding engineering, will serve as project manager.

"The Welding Research Council is a leader in welding research for the welding industry," said Harms, "and we are pleased to have been selected for this project."

LeTourneau College is one of only a handful of schools in the nation to offer a bachelor of science degree in welding engineering or related fields such as materials technology, and currently is represented by some 260 welding alumni.

Employers of these alumni include Allis Chalmers, Avondale Shipyards, Babcock & Wilcox, Bechtel Energy Corp., Bethlehem Steel, BMY, Caterpillar Tractor Co., Chicago Bridge & Iron, Detroit Diesel Allison, Frymaster Corp., Garrett Turbine Engine Co., General Dynamics, States Utilities Co., Ingalls Shipbuilding, Newport News Shipbuilding, Norfolk Naval Shipyard, Precision Components Corp., Stone & Webster, Todd Pacific Shipyards Co., Turbodyne-Dresser, Walker Mfg. and Westinghouse Electric, among many others. Kielhorn directed the initial phase of the gas metal arc welding study several years ago, and the current project will be a continuation.

President's Circle

Initiated in 1987, members of the President's Circle contribute \$1,000 or more per year to the Annual Fund.

'89 Who's Who Includes 24 from LeTourneau
The 1989 edition of Who's Who Among Students in American Universities and Colleges will include the names of 24 students from LeTourneau College who have been selected as national outstanding leaders.
Campus nominating committees and editors of the annual directory have included the names of these students based on their academic achievement, service to the community, leadership in extracurricular activities and potential for continued success.
They join an elite group of students selected from more than 1,400 institutions of higher learning in all 50 states, the District of Columbia and several foreign nations.
Students named this year from LeTourneau College are John Todd Andersen, Minneapolis, Minn.; John Dunnell, Minn.; Mark Budai, Anchorage, Alaska; Christopher Jon Cardinale, Whitesboro, N.Y.; Jeffrey Glenn DeLong, Peach Bottom, Pa.; Rocklan Malik Denepitiya, Mt. Lavinia, Sri Lanka; Robert Kevin Eldridge, Concrete, Wash.; Douglas Lee Fauli, Grove City, Pa.; Stephen Joseph Fretz, East Berlin, Pa.; Darin James Gaynier, South Rockwood, Mich.; Gary Clifford Gearhart, Levittown, Pa.; Timothy Paul Gess, Saranac, Mich.; Timothy Alan Graber, Scotch Plains, N.J.; Mark Allen Haley, Chicago, Ill.; Cherl White Hudsplith, Northglenn, Colo.; Shawn Ranier Lohstroff, Grandville, Mich.; Brian Vincent McIntyre, Seattle, Wash.; Alex J. Pollack, Brooklyn, N.Y.; Carl Jacob Schwartz Jr., Middlesex, N.Y.; Sharon Sue Siske, Irebell, Texas; Roger Glenn Valci, San Leandro, Calif.; Louis, Mo.; Stanley Ernest Young, Olathe, Kan.; and Anthony Charles Wolfe, Felton, Pa.

Georgie Wilcox

Wilcox to Direct Summer School Program

Georgie Wilcox has been named Director of Summer School, effective immediately, according to Dr. Russell A Primrose, vice president for academic affairs.

Wilcox will coordinate the summer school program in addition to her previous responsibilities as Director of Special Programs.

The appointment is part of a major revamping of summer school, and is one of several recommendations made recently by a special Summer School Task Force chaired by Primrose.

- New policies which will be in effect for summer school 1989 include:**
- the addition of several intensive three-week mini-terms
 - the addition of planned recreational activities for summer students
 - a decrease in the residency fee (room and board) from \$615 to \$495 (for a 3-week mini-term it is \$275)
 - a decrease in tuition for six hours and above (a drop from \$1,005 to \$800 for 6 hours)
 - a summer job placement program to help students find summer employment
 - Summer school attendance offers several advantages.
- First, students can get ahead or catch up in their degree program, as the case may be.**
- Second, students can study in a more relaxed atmosphere.**
- Third, students can take courses they would not otherwise have time to take or repeat courses that they did not do well in.**
